Meeting called to order 740p (delayed through a lack of quorum).

Approval of the Minutes of May, 2017 Meeting – Minutes approved 5 in favor, 0 against.

Old Business

1. **72.04 Parking Restrictions on Recreational vehicles Parking and storage.** - We discussed dimensions in changing the ordinance. Mike Teeling is working with Marshall James Reeder on revisions to this ordinance and the boat ordinance. We discussed different aspects in shaping a separate ordinance from the parking ordinance. Mike is writing the ordinance to allow larger boats to be parked in the community over the summer.
2. **Garbage motion as amended** - Approved 5 to 0. Will be sent to Jean Mana. Doug Cannon did the screen for the park near the tennis courts on Diana Road. Perhaps his plans might be considered as a model.

New Business

1. **Littering ordinance** – The national park charges up to \$1000
3. **Livestock ordinance** – request for chickens, donkeys, etc, was made to the town board. We are reviewing this consideration.

Other Business

Because two members of the committee belong to the Lion's Club and they moved their monthly meeting to the 4th Monday, we decided to move the General Code Review Committee meeting to the first Tuesday of each month. However, we could also consider the third Monday meeting at the Hour Class. Will be discussed when more members are present.

Motion to adjourn made and approved at: **816p**. Next meeting will be Tuesday 11 July 2017, 7p.

Respectfully submitted: *Dr. Kenneth Thompson*, Secretary
