Meeting Called to order at 7:02

PREVIOUS MEETING MINUTES: Several small corrections were made to the meeting minutes of 10-10-12; the minutes were subsequently approved.

FUTURE DRAFTS: It was decided to post drafts of the meetings as soon as possible to allow for community input at the next scheduled meeting.

FUTURE MEETING DATES: It was decided to post the next scheduled meeting date at the bottom of each draft again to accommodate the community at large.

CODIFICATION REQUIREMENTS: The codification process, and subsequent expense associated with, was discussed with the goal to determine if the Town can perform this process in house. Jim Slawinski will consult with the Town Clerk to understand the process and its requirements.

ORDER OF FUTURE CODES TO REVIEW: As discussion incurred regarding “where to start, which code first”, we agreed to begin with Title 1 and 3. We will review these individually prior to the next meeting and discuss as a group at the next scheduled meeting. At that point we will also determine whether the aforementioned codes need further discussion or not.

NEXT SCHEDULED MEETING: 12-12-12 7 PM
