

Special Meeting of the Ogden Dunes Environmental Board, 28 Jan 13

A special meeting of the Environmental Board was called on 28 Jan 2013 at 8:30 at the Town Hall for the purpose of allowing a NWI Times reporter to interview the members of the board. Present were Susan MiHalo, John Morris, Randi Light, Judy Mollway, and Sharon Guy.

While waiting for the reporter, the subject of septic education was explored. Judy suggested giving a presentation to the Lions Club for both septic systems and recycling. Randi suggested also the Women's Club and Susan said possibly to the Town Council Meeting. Since all regulations and ordinances for septic systems are by the County, it was suggested that we have a representative from the County attend one of our meetings to inform us about what we need to pass on to the members of the community. Judy and Sharon will investigate.

The reporter (Damien?) arrived and took pictures of our deliberations, and interviewed each of us about our volunteerism and how and why we participate.

The regular meeting will be held on 13 Feb 13 at 5:00 p.m.

Respectfully submitted:

John Morris
